

iDonate

Online Giving in One Page

iDonate is a single web page solution for online giving, loaded with extra features to increase giving levels.

- Uses an intuitive customizable interface to solicit donations
- Allows parameters to be passed via URL to pre-populate name and address, recommended donation amounts, funds, and even custom text
- Matches gifts to existing donor records or creates a new donor record when appropriate.
- Allows you to specify default merchant accounts for online donations
- Supports styling to seamlessly integrate with your website

"iDonate allows our members and friends to donate to our Foundation in a convenient modern way. We appreciate CSI's help in implementing this product."
