

# iEmail cloud

The best of iEmail, available on Office 365!

## Features

- Search for email addresses by:
  - Name / Company / State / Country
  - Groups (Chapter, Committee, etc.)
  - IQA
- Save emails as Activities or Interactions before sending
- Save received emails as Activities or Integrations

## Flexible Pricing

- Introductory pricing starts at \$15 USD per user, per month
- Ask about iEmail Cloud LITE - the perfect solution for a single Group of Contacts (such as a chapter)

## Making it work

- Supports Outlook™ 2013/2016, Outlook™ 2016 Mac, Outlook™ Web Access and Outlook™ for iOS
- Requires Office 365 or Exchange 2016
- Works with iMIS 100/200/300 (including 300 SaaS)
- Simple end user add-in!

## What about iEmail Desktop?

- You can still use both products!
- Desktop supports all email providers
- Inserts Attachments including the actual email
- Supports Task and Appointments

*Use iEmail Cloud with Outlook™ Web Access, Windows & Mac, and now on your mobile device with the Outlook™ App!*
